

The team at Forge Building Company are experts in building and designing self-storage facilities, so it shouldn't be a surprise that we also offer commercial metal roof replacement services. The roof on your self-storage unit is imperative to protecting tenants' belongings.

STANDING SEAM ROOF PANEL:

- Alternative to Screw-down Design
- Joining Rib Design
- Less Regular Maintenance
- Reduced Risk of Corrosion and Leaks

For more information about getting started on your new custom self-storage facility contact our sales team.
