

If your facility is near recreational areas or in an area where many residents own boats or RVs, consider adding covered RV and boat storage. Covered canopy storage allows you to charge higher rental rates compared to uncovered parking, and it's one of the best low-cost, high-ROI upgrades for your site.

**WHY ADD RV & BOAT
CANOPY STORAGE?**

- Double your rental income with covered spaces
- Attract tenants from a large regional area
- Extend tenant duration [average stay is 2+ years]
- Enhance customer satisfaction with weather protection

DESIGN OPTIONS:

- Straight or Angled Spaces
- Pull-Through Spaces
- 3-Sided
- End Walls
- Galvalume® or Colored
- Screw-Down Roof

Forge is the name to trust for self storage construction. Contact us today for a consultation or free estimate.
